Docket A: Domestic Bill 1214

A Bill to Get Rid of the Selective Service

Be it enacted,

Section 1. This legislation will make it mandatory to dispose of the Selective Service mandate.

Section 2. Disposing of the Selective Service System (SSS) will assure all citizens in America are treated equally. A big issue with the Selective Service System is that it is unfair depending on your religion, gender, and age depending on if you have to sign up for it. If you are part of a religion that does not associate with violence then you do not have to sign up for SSS. If you are a woman or a woman who changed their gender to a male then you are not obligated to sign up for SSS. If you are under 18 or over 25 then you are also not obligated to sign up for SSS. The Selective Service is unfair due to the fact many can avoid signing up due to their religion, gender, and age and this leaves a small amount of people left to defend their country if needed. This is unfair to all the male U.S citizens and immigrants coming into the United States who are over 18 and under 25. It is unfair to the immigrants coming into America seeking shelter to be obliged to sign up for the SSS. Most immigrants are most likely unaware of what they are really signing up for along with the U.S citizens who are obliged to sign up for the SSS. This bill will focus on how the United States of America can abolish the Selective Service System and be fair to all U.S citizens and immigrants coming into the country.

Section 3.The Selective Service System Agency will enforce these regulations, thus they will see the enforcement of this bill.

Section 4. The bill will be implemented immediately upon passage.

Section 5. All laws in conflict with this legislation are hereby declared null and void.
