Docket A: Virginia Bill 8700

BILL: Requirement for Photographic Evidence in Speed Camera Violations

Be it enacted,

BILL: Requirement for Photographic Evidence in Speed Camera Violations

Section 1:

This Bill aims to enhance the accuracy and fairness of speed camera violations by mandating the inclusion of photographic evidence of the driver alongside the license plate in all related citations

Section 2:

All speed cameras utilized for traffic enforcement must be equipped with technology capable of capturing clear images of both the vehicle's license plate and the driver's face at the time of the violation. Citations issued for speed camera violations shall include this photographic evidence to ensure proper identification and accountability of the driver.

Section 3:

(a) This bill seeks to protect the rights of drivers by ensuring that violations are substantiated with identifiable evidence, reducing the potential for wrongful citations.

(b) A Compliance Assessment Board, consisting of experts in traffic law and civil rights, will monitor the implementation of this requirement and assess its impact on traffic enforcement. The Board will submit findings to Congress annually.

Section 4:

This bill will take effect on January 1, 2026, directing relevant transportation and law enforcement agencies to update their speed camera systems and practices following this legislation.
